Application for Advance Assurance — Seed Enterprise Investment Scheme (SEIS)

Dear Sir/Madam,

I write on behalf of MeticleCare Ltd ("the Company") to apply for advance assurance under the Seed Enterprise Investment Scheme (SEIS) pursuant to Part 5A of the Income Tax Act 2007.

The Company proposes to raise up to **£200,000** through the issue of ordinary shares to eligible investors. The investment will be used to convert a production-ready care management platform into a validated commercial product across UK supported living and domiciliary care providers.

We believe the Company meets the qualifying conditions for SEIS as set out in the accompanying documentation, specifically:

- The Company is a UK-registered company (company number: [TBC])
- The Company was incorporated less than 3 years ago
- The Company has fewer than 25 employees

- The Company's gross assets do not exceed £350,000
- The Company carries on a qualifying trade (development of software for the healthcare sector)
- The Company is not excluded under any of the statutory exclusions

The enclosed documentation includes:

1. This cover letter
2. Company information and eligibility self-assessment
3. Business plan
4. Three-year financial forecasts
5. Details of proposed investors
6. Risk to capital condition statement
7. Articles of Association (draft)

We confirm that all information provided is accurate and complete to the best of our knowledge. We understand that advance assurance is not a guarantee of SEIS eligibility for investors, and that investors should conduct their own due diligence.

We would be grateful for your consideration of this application and are available to provide any further information you may require.

Yours faithfully,

Opeyemi Olorunfemi

Director

MeticleCare Ltd

Business Plan

Three-year business plan for HMRC review

3.1 Executive Summary

MeticleCare is an AI-first care management platform built for UK CQC-regulated supported-living providers. The platform replaces fragmented paper systems, spreadsheets, and multiple disconnected software tools with a single connected system covering rota planning, medication records (eMAR), daily care notes, compliance evidence, leave management, incidents, training, and family communication.

The platform is deployed in production with 41 backend modules, 484 API endpoints, 78 frontend pages, and 108 database tables. The investment will fund the transition from production-ready platform to validated commercial product with paying customers.

3.2 Market Opportunity

METRIC	VALUE
UK care management solutions market (2024)	£891 million
Projected market size (2030)	£2.4 billion (27% CAGR)
Care providers in England	152,000+
Care workers in the UK	1.7 million
Unfilled care vacancies	165,000+

3.3 Product Description

MeticleCare is a multi-tenant SaaS platform with the following core capabilities:

- **Operations:** AI-powered rota planner, full eMAR, voice-to-text daily notes, real-time team chat, mobile PWA
- **Compliance:** Automated evidence packs (KLOE), CQC readiness scoring, training matrix, competency assessments

- **Intelligence:** 5 AI agents (Compliance Officer, Operations Manager, Documentation Specialist, Resident Intelligence, Medication Safety)
- **Finance:** Stripe billing, agency management, expense tracking
- **Communication:** Team chat, family portal, notifications

3.4 Revenue Model

TIER	MONTHLY PRICE	TARGET SEGMENT
Starter	£99/month	1–3 locations, ≤25 staff
Professional	£299/month	4–15 locations, unlimited staff
Enterprise	£499–£999/month	15+ locations, API, SLA

3.5 Competitive Advantage

- **Full platform:** 41 modules in one system (competitors offer 3–5)
- **AI-first:** 5 domain-specific AI agents (competitors have none)
- **Predictable pricing:** Fixed monthly fee, no per-user charges
- **Modern architecture:** TypeScript, React, PostgreSQL (competitors on legacy stacks)
- **UK-built, UK-hosted:** Data sovereignty, GDPR compliance

3.6 Go-to-Market Strategy

Phase 1 (Months 1–6): Direct sales to 20–50 supported-living providers in South East England. Free 30-day trial → £99/month Starter → upsell to Professional.

Phase 2 (Months 6–12): Channel partnerships with care sector consultants, CQC inspectors, and payroll providers.

Phase 3 (Months 12–18): NHS integration for discharge-to-assess pathways. Trust-level procurement.

3.7 Use of SEIS Funds

The £200,000 raised through SEIS will be used as follows:

CATEGORY	AMOUNT	%	PURPOSE
Customer acquisition	£60,000	30%	Sales hire, marketing, pilot programme

Product development	£50,000	25%	Engineering hire, NHS integration, AI improvements
Security & compliance	£30,000	15%	Cyber Essentials, DPIA, penetration testing
Implementation	£30,000	15%	Onboarding team, data migration, training
Evidence generation	£20,000	10%	Clinical validation, pilot measurement
Working capital	£10,000	5%	Cloud costs, legal, contingency

3.8 Three-Year Milestones

PERIOD	MILESTONE	EVIDENCE
Month 3	5 pilot deployments	Active pilot agreements
Month 6	3 paying customers	Stripe billing active
Month 12	29 customers, £9K MRR	Revenue reports
Month 18	55 customers, £17K MRR	Revenue reports
Month 30	EBITDA break-even	Financial statements
Month 36	255 customers, £79K MRR	Revenue reports

Three-Year Financial Forecasts

Revenue, costs, and cash flow projections

4.1 Revenue Forecast

REVENUE STREAM	YEAR 1	YEAR 2	YEAR 3
Starter subscriptions	£28,400	£98,200	£180,000
Professional subscriptions	£38,100	£190,000	£450,000
Enterprise subscriptions	£16,200	£110,000	£338,000
Services (onboarding, training)	£12,500	£39,200	£82,000
Total revenue	£95,200	£437,400	£1,050,000

4.2 Cost Forecast

COST CATEGORY	YEAR 1	YEAR 2	YEAR 3
Personnel (salaries & benefits)	£235,000	£501,000	£785,000
COGS (cloud, AI, email, Stripe)	£17,561	£58,285	£124,050
Operating expenses	£84,368	£155,434	£229,703
Total costs	£336,929	£714,719	£1,138,753

4.3 Profit & Loss

	YEAR 1	YEAR 2	YEAR 3
Revenue	£95,200	£437,400	£1,050,000
Gross profit	£77,639	£379,115	£925,950
Gross margin	81.6%	86.7%	88.2%
EBITDA	-£241,729	-£277,319	£35,297

Cash position (cumulative)	-£241,729	-£467,048	-£431,801
----------------------------	-----------	-----------	-----------

4.4 Cash Flow

	YEAR 1	YEAR 2	YEAR 3
Opening cash	£0	-£241,729	-£467,048
SEIS investment	£200,000	£0	£0
Revenue received	£95,200	£437,400	£1,050,000
Costs paid	-£336,929	-£714,719	-£1,138,753
Closing cash	-£241,729	-£467,048	-£431,801

Note to HMRC: The financial forecasts show the Company requiring additional funding (bridge round) in Year 2 to reach break-even in Year 3. This is consistent with the SEIS qualifying condition that the investment is used for growth and development — the Company is genuinely deploying capital to build a commercial business.

4.5 Key Assumptions

ASSUMPTION	YEAR 1	YEAR 2	YEAR 3
New customers/month (avg)	3	8	15
Monthly churn rate	3.0%	2.0%	1.5%
Blended ARPU	£250	£310	£310
Gross margin	81.6%	86.7%	88.2%
Headcount	6	12	20

Details of Proposed Investors

HMRC requires details of potential investors for first-time SEIS applicants

HMRC requirement: As a first-time SEIS applicant, the Company must provide the name and address of at least one prospective investor. This information is required for HMRC to consider the advance assurance application.

5.1 Proposed Investors

INVESTOR NAME	ADDRESS	PROPOSED INVESTMENT	RELATIONSHIP
[Investor 1 name]	[Address]	£[Amount]	[Independent / Connected]
[Investor 2 name — if applicable]	[Address]	£[Amount]	[Independent / Connected]

Action required: Before submitting this application to HMRC, you must replace the placeholder investor details above with the actual names and addresses of at least one prospective investor. HMRC will not consider an application without investor details.

5.2 Total Proposed Raise

AMOUNT TO BE RAISED UNDER SEIS

£200,000

MAXIMUM INVESTMENT PER INVESTOR

£200,000 (SEIS annual limit)

5.3 Investor Eligibility (SEIS)

To claim SEIS tax relief, investors must meet the following conditions:

- UK resident for tax purposes
- Not employed by the Company (or connected company)

- Not a director of the Company (unless shares are issued for commercial reasons)
- Not holding more than 30% of the Company's shares
- Investment in ordinary shares (not preference shares)

5.4 Tax Relief for Investors

RELIEF	DETAIL
Income tax relief	50% of investment amount, against income tax liability
Annual investment limit	£200,000 per tax year
Capital gains exemption	Any gain on SEIS shares is exempt from CGT if held for 3+ years
Loss relief	If shares are disposed of at a loss, the loss can be set against income or capital gains
Gift relief	Shares can be gifted without triggering CGT

Example: An investor invests £50,000 in MeticleCare under SEIS. They receive £25,000 income tax relief (50%). If the company succeeds and the shares are worth £150,000 after 3 years, the gain is CGT-free. If the company fails and the shares are worth £0, the investor can claim loss relief against income or capital gains.

DOCUMENT 6

Risk to Capital Condition

Statement confirming the investment carries genuine risk

6.1 The Condition

HMRC requires that the investment must carry a genuine risk of loss to the investor — there must be no mechanism to guarantee a return of capital or provide a preferential return.

6.2 MeticleCare's Position

No guaranteed return

The shares to be issued are ordinary shares with no preferential dividend, no capital guarantee, and no redemption mechanism. Investors' capital is at risk — if the Company fails, investors may lose part or all of their investment.

No buyback or redemption

The Company will not enter into any agreement to buy back, redeem, or return capital to shareholders outside of a genuine winding-up. There are no side agreements, convertible notes, or other instruments that would provide a preferential return.

No asset-backed security

The shares are not secured against any Company assets. There is no charge, lien, or other security interest in favour of investors.

Commercial rationale

The investment is made on a commercial basis — the Company will use the funds to grow its care management platform and generate revenue from paying customers. The investors' return depends entirely on the Company's commercial success.

No connected party arrangements

There are no arrangements between the Company and the shareholders (other than the subscription agreement) that would reduce the investor's risk below the level expected for an ordinary equity investment.

Confirmation: The investment in MeticleCare Ltd carries a genuine risk of loss to the investor. There are no mechanisms to guarantee a return of capital, provide a preferential

return, or otherwise reduce the investor's risk below the level expected for an ordinary equity investment in an early-stage company.

Articles of Association (Draft)

Company constitution — key provisions for SEIS compliance

Note: This is a summary of the key provisions required for SEIS compliance. The full Articles of Association should be prepared by a solicitor and filed with Companies House at incorporation.

7.1 Share Capital

AUTHORISED SHARE CAPITAL 1,000 ordinary shares of £1 each
ISSUED SHARE CAPITAL (PRE-INVESTMENT) 100 ordinary shares (held by Opeyemi Olorunfemi)
SHARES TO BE ISSUED UNDER SEIS Up to 200,000 ordinary shares (at £1 per share, or at a premium)

7.2 Key Provisions

PROVISION	SEIS REQUIREMENT	ARTICLES DRAFT
Share class	Ordinary shares only	Single class of ordinary shares
Dividends	No preferential dividend	Dividends declared at directors' discretion, pro rata to holdings
Voting	One vote per share	Ordinary resolution: simple majority; special resolution: 75%
Capital on winding up	Pro rata to holdings	Rank equally for return of capital
Redemption	No redemption of SEIS shares	No redemption provisions

Transfer restrictions	Permitted (not a disqualifying feature)	Directors' approval required for transfers
-----------------------	---	--

7.3 SEIS-Specific Provisions

- No share premium account requirements for SEIS shares
- No pre-emption rights that would prevent SEIS share issues
- No provisions requiring the Company to acquire its own shares
- No provisions for convertible instruments or loan notes
- No arrangements for guaranteed returns or capital protection

Action required: The full Articles of Association must be prepared by a solicitor and filed with Companies House at incorporation. The Articles must be consistent with the SEIS qualifying conditions. Have the solicitor confirm SEIS compliance before filing.
